

SYNCPRO MP08-0411

## CARBURETTOR SYNCHRONIZER

- Precision four-channel vacuum indicator designed specifically for synchronizing the intake of engines with multiple carburetors or throttle bodies (maximum vacuum value for this tool is 40 cm Hg).
- Mercury-free design
- For use with any 2, 3 or 4 cylinder four stroke motorcycles.
- Spill-proof design allows the tool to be stored horizontally or vertically.
- Easy-to-read scale for accurate synchronization
- No effect of ambient pressure changes
- Includes a hook to hang on handlebars for easy use.
- Rugged, impact-resistant ABS housing with convenient storage for adapters

- Rubber feet on the bottom of the enclosure help prevent slipping

Includes hoses, 5mm adapters, in-line restrictors and instructions.

5mm adapters are used on many Honda and Suzuki models.

Optional 6mm adapters are available for most Yamaha models - most Kawasaki models do not need adapters.

- Patented design

Dispose of the product in an environmentally friendly manner.

Made in China.
