

LED rear light homologated - Acerbis

Headlights and masks on off-road motorcycles usually wear out due to frequent shocks. Therefore, always check the headlights on your motorcycle first before setting off after dark. Make sure that you have carried out the installation exactly according to the above instructions. If a headlight were to fall off, it could cause a serious accident that could lead to serious injury or death. Check that all cables, hoses are working properly before driving off. Never drive off if the headlights are not properly secured. THE HEADLAMP IS APPROVED FOR ROAD USE.

Environmentally dispose of the product at the end of its life.
